Attachments: Project Management Plan Template 20190723 bbs comments flc response.docx

Hi Aaron. Attached are my responses to Betsy's comments/questions.

I'm going to go ahead and update the PMP Template in response to her comment/questions for all but the last comment. (See attached mark up for reasoning.)

Let me know if you want to discuss.

Also we need to decide on remaining sites and get folks going on them.

Here's what I have so far:

Eagle Mine - Jamie
Colorado Smelter – Sabrina/Jamie/Jesse
VB/I-70 - Jesse

Though, I know this has Jamie and Jesse working on parts of 2 each, if we do include CO Smelter as one of them.

Andrea suggested having some of the sites that have been stalled or not very active. We ran through the list and she agreed that Broderick would be a good one. (Armando) She suggested several other, but they were all also Armando's.

She also suggested Marshall Landfill. If we went with that one, we should probably not also select Standard Mine since both are Andrew's sites.

Fran
